MASTER OF ARTS IN MINISTRY STUDIES PROGRAM DESCRIPTION

The M.A. in Ministry Studies (MAMS) is a 36 - hour pre-professional degree designed for those seeking support positions and leadership positions in the local church. It is a program designed to provide first professional training for those who are already in support ministries in the church or planning to engage in support ministries in the church. This degree is not designed for those desiring to be the senior or lead pastor of a local church. Those who complete this degree will receive training to prepare and equip ministry leaders with the necessary personal, professional, and theological training for ministry other than the Senior Pastor in a local church.

This program strikes a balance between foundational theological preparation and real life ministry training. Generally, the education offered by this department is not terminal, in the sense of providing everything a student needs for ministry. Further study is encouraged, such as that offered at the seminary level, but the departmental curriculum is designed to provide the best possible foundation for future study and ministry.

The M.A. in Ministry Studies is designed to add to the body of knowledge gained in Grace's undergraduate biblical studies programs and to train those who have not pursued undergraduate training in biblical studies for positions of support and leadership in the local church. Note that graduates of the Department of Biblical Studies may gain advanced standing in Grace Theological Seminary.

Purpose

To assist in the theological training of staff and personnel for lay leadership in church.

Program Goals and Assessment

The program goals are designed to augment and support the mission of Grace College, which is:

An evangelical Christian community of higher education which applies biblical values in strengthening character, sharpening competence, and preparing for service

It also supports and promotes the purpose of the School of Ministry Studies, which is:

A learning community dedicated to teaching, training, and transforming the whole person for local church and global ministry.

The goals of the M.A. in Ministry Studies are that those who complete the degree will:

1. Engage a process of critical evaluation of personal character, and cultural awareness needed to effectively lead in a ministry context.
2. Be challenged to sharpen the competencies needed to interpret, understand, and effectively communicate the Word of God in a ministry context.
3. Apply the knowledge gained throughout the program by engaging in real ministry directed learning tasks that demonstrate a preparation for service and apprehension of the principles and practices needed for effective ministry leadership.

Learning Outcomes

Learners will journal the practice of prayer in the context of personal, married, and ministry life recording progress in the discipline of prayer as part of the character of a ministry leader (G1)

1. Learners will complete a self-assessment related to culture and spiritual formation that will result in a plan of action for implementation and assessment of needed areas of personal development (G1)
2. Learners will construct a philosophy of ministry that will address key areas of ministry practice and discipline (G1)
3. Learners will demonstrate sound biblical interpretation of a passage of Scripture and preparation of that passage for ministry proclamation (G2)

4. Learners will evidence an understanding of sound biblical interpretation by designing a seminar for delivery in a ministry setting on how to study the Bible (G2)
5. Learners will construct a personal theology which will be able to be used as a means of demonstrating a firm grasp of the nature of God, man, sin, salvation, ministry, and the future (G2)
6. Learners will give evidence of the ability to practically perform ministry activities like a wedding, funeral, communion, or baptism as an evidence of the preparation for service (G3)
7. Learners will give evidence of the critical need for godly leadership in ministry through successful completion of a series of papers reflecting critical areas of ministry leadership (G3)
8. Learners will engage in an evaluation of their own cultural issues and biases that will expose the need for cultural sensitivity (G3)

On a yearly basis faculty will evaluate the embedded elements of this assessment to determine the effectiveness and level of mastery of those elements to the program. A full assessment program has been developed with rubrics to measure the success of each element contained in the program. Information will be used to better construct learning activities to insure that each student is prepared for ministry in a local church setting.

Schedule

The M.A. in Ministry Studies uses a modified cohort model. Courses are offered on a two-year rotation beginning in the fall. Students are automatically registered for their first session of classes. Students will self-register for all additional sessions. If students fail to register for at least one session during the fall or spring semester it will be necessary for them to contact the Department of Online Education at 888.249.0533 or online@grace.edu. Students will complete twelve (12) 3-credit courses for a total of thirty-six (36) credit hours in a "cohort" based model. "Cohort" means that students will join the program along with another group of students and continue with this same group, or cohort, for the entire program. If students' schedules change and they must skip a semester, or wish to take classes at a pace slower than the suggested two-year program, they may interact with other cohorts in the program.

All the online classes are 7 or 8 weeks long. Students who join a cohort in the fall complete two 8-week courses (August - December, 16 weeks), two 8-week courses in spring (January - May, 16 weeks), and two 7-week courses in the summer (May - August, 14 weeks).

This course investigates the biblical and personal foundations of spiritual growth known theologically as sanctification. It is designed to help the learner understand the impact of family history, personal development and life experiences on one's theological outlook, emotional maturity, relational patterns, moral decisions and ministry effectiveness. Through personal prayer projects, experiential learning and small group interaction, learners will gain a richer sense of self-awareness in order to open more deeply to the love and truth of God. Women's Leadership

MIN 5110 Equipping other for ministry:

Equipping others for ministry is a part of our calling from God (Eph. 4:11-13). But how do we work with others so that we reach maturity together? This course will help you see that ministry is not just about doing the ministry yourself, but teaching others to join you in various arenas of ministry. You will learn about God's equipping ministry in your own life, and be challenged to imitate His methods of entrusting others with redemptive work through His Spirit. The class will explore various methods of equipping

others, including mentoring, coaching and modeling, and will address the challenges of recruiting, training and retaining volunteers or key staff members.

MIN 5360 Women in Scripture

Students will explore the value of women as disclosed in special revelation, beginning with Genesis and the “imago dei”. They will research the backdrop of the ancient world in order to understand the various roles women played in the OT in revealing the heart of God and His plan for redemptive history. They will investigate ways that Jesus elevated the status of women and how NT passages describe the function of women within the Christian community. Using modern theories on the role of women—complementarian and egalitarian—students will seek to define a biblical approach to contemporary questions about the role of women. In addition, students will analyze current culture and make recommendations for how God’s Word speaks into the lives of women today.

MIN 5820 Soul Care in Leadership:

This class will examine how to journey with others in the midst of their questions and pain. Instead of trying to fix others in pain, soul care attempts to incarnate the presence of God in the life of another and allow God to use you to be his hands and feet. Part of this process is learning how to listen to the Spirit of God and attend to another in the midst of their journey. The learner will have the opportunity to see and reject patterns of self-talk (based on the flesh) in order to embrace Spirit-led patterns of soul talk. The care of souls is an interpersonal part of ministry leadership that often gets overlooked in our program-driven church context. This class will help to equip ministry leaders in their role as shepherd to the flock entrusted to their care.

MIN 5600 Biblical Foundations of Leadership:

This course looks at the life of Jesus to learn from Him as the Master Teacher, Leader and Discipled. Students will explore Scripture and the lives of other godly men and women to gain a composite picture of leadership that addresses heart issues in the lives of people they will lead. Leadership from a biblical perspective will be countercultural and address issues of pride vs. humility, how we view failure/success and taking initiative in a Spirit-driven process. Students will have the opportunity for hands on integration of theory with practice as they process the course concepts in life with others in a relational context of ministry.

Counseling

MIN 5400 Theological Foundations of Counseling:

This course will examine the theological foundation of counseling specifically as it pertains to Scriptural truths and principles. A biblical theory of personality will be presented which will lead to biblical concepts of counseling. Three hours.

MIN 5500 Counseling Theories

In this course, students will examine today’s predominant counseling theories in order to develop their own biblical framework in which they will provide counsel to others. The focus of the course is to help discern God’s pathway to proper biblical counseling. Three hours.

MIN 5700 Counseling Methods and Techniques

This course will examine the various skills, methods and techniques used by a Christian or Pastoral Counselor to effectively minister to those being counseled. An aspect of the course is how to use the Bible and prayer in counseling, and direction on when to refer to other professionals. Three hours.

MIN 5900 Pre-Marital and Marital Counseling

This course will examine how to effectively engage in pre-marital counseling to help couples prepare for marriage and to help couples who are struggling in their marriage. Various theories, skills and techniques of marriage counseling will be discussed. Three hours.

MIN 6200 Counseling Common Problems

This course will examine how to counsel people who encounter negative emotions such as anxiety, depression, guilt and fear and help navigate these issues from a biblical perspective. The focus will be on how God can help people deal with the emotional side of their lives by looking at Scripture and allowing God to move them into places of spiritual transformation. Three hours.
